The health benefits of negative ions are well known, and their unique properties are what makes an ionic foot bath detox so effective.

When water is ionized and split into H⁺ and OH⁻ ions (and sometimes into H₃O⁺ and H₂O₂ ions), these ions are able to enter the body through the 4,000 large pores of the feet.

A detox foot spa offers a way to utilize this opportunity to revitalize and cleanse yourself with all-natural mechanisms.

The circulatory and lymphatic systems transport the ions throughout the body. The ions from the foot bath detox neutralize oppositely charged toxins in the cells that are normally slow to exit the body.

In this way, all the body's organs can become energized and stimulated to function optimally. The body then rids itself of these toxins through normal urination, defecation & perspiration.

1 User System

2 User System

People of any age, sex and background can greatly benefit from this natural cleansing approach, and you'll notice big changes in a very short period of time. A detox foot spa can be your key to a reinvigorated, healthy lifestyle.

We invite you to take a look around at all of our ionic foot bath detox products and find something that's a great match for you.

Genuine 304 Stainless Steel:

Purple Array Coils are made of 304 grade stainless steel 2.8 mm in diameter. Most other arrays are made of 200 series steel which is much more corrosive because it consists of 15% carbon (304 steel is 8% carbon), as well as a much lighter gauge. Therefore, the arrays will not last as long.

Portable Saunas

FIR-Real Sauna Blanket

3 Section Control with Memory
 Temperature Range: 86F - 167F
 Timer Range: 5 to 95 minutes
 Input Power: 300W
 Input Voltage: 100-110V AC
 Output Power: 300W max
 Output Voltage: 36V DC

SKU: FIRBLANKET03
\$724.98

The FIR-Real sauna blanket has extremely low EMFs (harmful electromagnetic radiation) and operates at 36V DC, which means lower EMF, making the Infrared Sauna Blanket safe to use. We tested it with a EMF meter placed inside the center of the blanket and found that the EMFs constantly remained in the range of less than or equal to 0.3 milligauss throughout operation. In contrast, when another similar looking blanket is tested, we find that the EMFs jump off the scale -- our meter goes up to 100 milligauss. The recommended safe level is 0.5 - 2.5 milligauss. So, with these other blankets, it is kind of like laying on top of a microwave oven.

Blanket material feels more like a fabric and less like a plastic than knockoff blankets. Is made with carbon fiber elements, polyurethane, and waterproof PVC.

The easy way to help detoxify and shed pounds! The supplied digital controller allows the independent adjustment of THREE (3) separate heat zones (lower, midsection and upper body) from 86-167F, along with a digital timer that can be set for up to 95 minutes. Uses AC power in the blanket and operates at 300 Watts.

SPECIAL EDITION Full Set 12KW Turku HomeSpa Steam Generator with Auto Drain

Special Edition RX120i Fully Equipped Residential Steam Generator Set Includes:

- 12KW Special Edition Turku Steam Generator
- Outer Digital LE-Series Controller
- Low-Noise Vapor Diffusion Steam Head with Aroma Oil Reservoir

Teeter's ComforTrak Series Inversion Table (EP-560)

ComforTrak Bed: Built for the benefits with a pressure-reducing design that maximizes comfort and flexes with the user to enhance joint mobilization.
Grip-and-Stretch Handles: The ComforTrak bed and A-frame both feature built-in inversion grips for added stretching and decompression.

SKU: ITTE61009
\$449.98

The Original Backnobber® II

The Original Backnobber®II is used by hooking one of its curves over a shoulder or under an arm and using its leverage to apply firm, deep pressure to knots in the muscles of the neck, shoulder, upper and lower back and to nearly any other location where muscle soreness may occur. The shape allows you to move the tool while keeping your body in place, helping avoid putting additional strain on already sore muscles. Most other self-care tools don't.

SKU: PPPB2

**Fomentek™
Hot / Cold
Water Bag**

The Fomentek™ HOT/COLD WATER BAG is one of the most useful, general-purpose health products on the market. The large bag is 18" x 24". It is designed to easily apply comfortable, soothing heat or cold therapy to any part of the body. Fomentek™ Bags can be used in any of three modalities; warm, cold, and frozen. For a heat treatment, the Fomentek™ Bag can be filled with warm water (110°-113°F) and used directly against the skin. The intense moist heat penetrates more deeply than dry heat alone.

 SKU: TBVPS5000TS
\$2,999.98

The Bronze Biologic Tanning Systems are where luxury Sunless Tanning begins. Easy to use in a low or high volume spa or salon, on the go, at home, or any other business setting. The Bronze Biologic tanning systems give you heavy duty air compressor tanning benefits without the heavy duty costs. Our time tested spray guns are no match for the competition and gives the user variable setting control at their fingertips.

Bronze Biologic's legendary technological excellence takes the whole concept of sunless spray on tanning to another level and puts our tanning equipment way ahead of similar products.

Product Features / Specifications:

- Easy Connect Hoses on Both Ends - For fast, easy setup.
- Extra Quiet - Spray clients in total comfort with the quietest system available
- Mist Applicator Cups - Unique gun and cup design that allows for a convenient way to store the spray gun when not in use.
- Easy Clean Packs - Designed to make solution cleanup quick and easy
- Smart Styling - Modern, unique design that looks good in any decor or setting.
- Easy Glide Wheels - Allows easy movement around studio or location work
- Stage 2 Motor - For optimal spray patterns, power, and longevity
- Pro Series 1000 Spray Gun is the most advanced in the world

REDMOND

CLAY™

What is Redmond Clay?

Redmond Clay is a rare volcanic ash that is found in central Utah.

The composition of this clay is unique in that it is high in sodium bentonite and calcium bentonite. This combination of properties makes it highly effective in:

Adsorption: The molecular level of the clay is such that it works as a magnet for the body. It attaches itself to toxins, heavy metals and free radicals carrying them out of the body.

Absorption: Redmond Clay has a strong pulling or drawing effect. This allows it to function similar to a sponge in drawing out swelling, bacteria, toxins, heavy metals, and also absorbs as it goes through the digestive tract to help rid the body of potentially harmful substances.

pH: Redmond Clay is an alkaline substance, measuring 8.7-9.8 on the pH scale (7 is neutral). This level of alkaline allows it to be effective in neutralizing heartburn, reflux, and upset stomachs. Research suggests that drinking alkaline mineral water helps prevent bone loss, improving long-term health, as well as, a variety of other benefits.

Minerals: Redmond Clay is high in trace minerals our bodies need to function. It contains over 60 trace minerals necessary for chemical reactions and proper function of the body's systems. As our modern diets become less mineral rich, supplements like this make up the difference.

Find these and more Redmond Clay products at www.HEALTHandMED.com!

Essential Oils

Essential oils are natural aromatic compounds found in the seeds, bark, stems, roots, flowers, and other parts of plants.

In addition to their intrinsic benefits to plants and being beautifully fragrant to people, essential oils have been used throughout history in many cultures for their medicinal and therapeutic benefits. Modern scientific study and trends toward more holistic approaches to wellness are driving a revival and new discovery of essential oil health applications.

Essential Oils & Redmond Clay

Essential Oils & Redmond Clay

It's impossible to underestimate the importance of minerals and trace minerals for the human body. They are the catalysts for all the vitamins and other nutrients your body uses for developing and maintaining good health.

The ionic minerals in ConcenTrace® also have the power to maintain and even improve the pH balance in your body.† It's important to keep your body's acid base balance because an acidic body is a breeding ground for disease.

Due to the purity and concentration of this product, it has no expiration date. Because of the minerals, it is naturally preserved and contains no bacterial growth.

Parasite and Worm Cleanse (60 day)

PARASITES. The very word makes us wince. Native peoples, including the native Americans, knew these small creatures can inhabit the human body. Today, we know them as fasciolopsis buskii, ascariis, eurytrema, strongyloides, dirofilaria – the causative agents for eczema, seizures, diabetes, migraines, heart disease and, most devastatingly, cancer. Their outward signs are all too familiar – itchy nose and ears, grinding of teeth, nailbiting, or blue circle around the eyes.

Rid your body of over 100 types of human parasites.
1 bottle: Black Walnut Extract, 2 bottles: Cloves, 2 bottles: Wormwood Complex
Herbs virtually assure the destruction of every life cycle of parasitic organisms i.e. egg, larva and adult worm.

CLOVES (*Carophyllus aromaticus*) - Taken orally, they are lethal to the eggs of flukes and parasites, preventing hatching and further species propagation.

BLACK WALNUT (*Julans nigra*) - A strong parasiticide, the rind is extracted with grain (ethyl) alcohol tincture.

WORMWOOD COMPLEX (*Artemisia absinthium*) - Used to counteract fevers, regulate the liver and menses, as well as to treat anemia and arthritis.

Chanson Miracle Sanitizer - Ozone for Air - Water - Oil

The Chanson Miracle Sanitizer reduces and eliminates odors and bacteria from your home. It dispenses activated oxygen from a stone into the air or into water or other liquids and has hundreds of other uses. Because it can replace dozens of chemical toxic cleaners and air fresheners, it's good for your health, your wallet, and the environment!

Most ozone generators on the market use metallic plates which are prone to oxidation. As a result, those ozone generators must be replaced every 1-3 years despite what the manufacture says. The Miracle Sanitizer uses a quartz crystal tube which never wears out or needs to be replaced.

The Miracle Sanitizer is an all natural, "green", money saving device that's declaring war on all pollutants, germs, bacteria, mold, fungi and foul odors in your home and business alike! The Miracle Sanitizer eradicates odors and toxic pollutants just the way nature does, leaving only pure oxygen behind! The Miracle Sanitizer is Mother Nature's cleansing and detoxifying powers, in a box!

SKU: WCMIROZONE
\$249.00

Ionic Air Purifier & Ozone Generator - Covers 4000 Sq. Ft.

Eliminates smoke, odors including tobacco smoke and pet dander. Air sanitizer feature greatly reduces mold, mildew and bacteria that can reduce illness in your home or workplace. UV-C germicidal light kills germs as they pass through the unit. Removes odors from your home, office, car, boat, RV and more.

Removes dust from the air flow with pre-filter. Ozone can be turned down or off, at any time.

110V AC/60Hz operation

- ✓ Ionized Alkaline Water - the most natural anti-aging treatment known to man. It is an anti-oxidant that is many times more powerful than Vitamin C.
- ✓ Ionized alkaline water restores cell function, increases your body's hydration, and neutralizes acids and free radicals.
- ✓ Drinking ionized alkaline water can give your immune system a major boost.

NEW

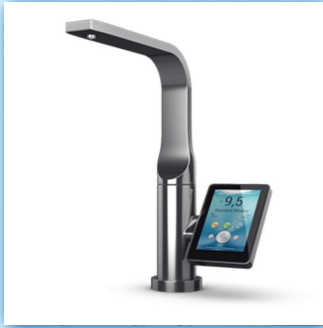

Join the REVOLUTION!

Revolution Counter Top Water Ionizer

9 pure titanium plates nano plated with platinum yield pH 1.8-12.1 and ORP +1200 to -920 at full flow

SKU: WCREVO-P
\$4,995.00

Chanson Miracle M.A.X.™ Royale Under-counter Ionizer (7-plate)

Effective Flow Rate: 1.5 - 2.0 liters per minute at 45PSI water pressure
 pH Levels: 2.3 to 11.8 in Laguna Hills CA source water
 Lifetime Warranty: Best Lifetime Warranty in the industry, 5 Year Warranty on labor and Lifetime Warranty on parts

SKU: WCVS-70
\$4,339.98

Easier to use than all other brands of ionizers - Just one touch, of the control touch screen on the top of the faucet, selects the type of water you want.

Dimensions - Main Unit: 4.72 inches deep x 8.83 inches wide x 13 inches tall

Faucet: 8 1/2 inches tall x 3/4 inches deep

Effective Flow Rate: 1.5 - 2.0 liters per minute at 45PSI water pressure

pH Levels: 2.3 to 11.8 in Laguna Hills CA source water

ORP Levels: +1,200 to -875

Weight: 17 lbs

Filter Life: 20000 L (approx.: 10 - 12 month of use)

Temperatures: 5 - 40 degree Celsius

Water Pressure: 5 - 95 PSI

Input: 220V/50Hz 110V/6Hz

Power Consumption 5w - 150w Higher wattage and bigger plates is an ionizer marketing myth. Bigger isn't always better. The "green friendly" platinum and titanium plates only consume about 150 watts of power and still out perform almost every brand ionizer on the market today including the high wattage, large plate and "turbo" machines. With Chanson on the leading edge of research and development we are working to develop future ionization plates that will use less than 5 watts.

Filter Chanson replacement filter PJ-6000: Silver-adding Fiber Activated Carbon filter (Lead Reduction)

Note: You will need a 1 3/8 to 1 1/2 inch hole in your sink or countertop to install this under counter ionizer. Either remove a built in soap dispenser, reverse osmosis faucet or us a hole saw to cut a hole or hire a plumber for the install.

Water Dove Whole-House Filter and Softener (1-3Bath)

NO electricity, NO waste water for back washing, NO salt or saline solution for purification.

The Water Dove has a five (5) stage micro-sediment pre-filter which provides chlorine free water throughout the entire house. Salt-free resin based water conditioner gives the water a silky smooth feel without the "slimy" feeling caused by salt softeners.

SKU: WCDDT1/3
\$2,185.00

Size: for 1-3 bathrooms

Chanson C3-Filter

The Chanson Water C3 pre-filter is the ultimate in water filtration technology. There is not an ionizer filter on the market that can compete with this triple- canister filtered water. Each C3 canister is devoted to removing harmful chemicals, heavy metals, flouride, chlorine and over 100 additional contaminants.

The C3 regular filter is for under the counter ionizers. The C-MUC is for all brands countertop ionizers with filter installed under the sink. The C3-C is for installation on top of counter with countertop ionizer.

Stage 1: Carbon Block- 5 Micron. Removes: sediments, chlorine, chloramines, bad taste, odors and many more.
 Stage 2: Removes: flouride, lead, arsenic.
 Stage 3: KDF+55/ Super Carbon. Removes: heavy metal, bacteria, sulphur, pesticides, nitrates.

Alkatraveler Stick

Can convert any bottled water to mildly ionized alkaline water within minutes!

SKU: WCAS
\$89.95

Made of all natural ceramic coated minerals in a surgical stainless steel housing, the ATS can also convert any bottled water to mildly ionized alkaline water within minutes. The AlkaTraveler Stick is not a filter. Though it does remove a small amount of chlorine, the ATS is better suited for pre-filtered or bottled water. pH of your water will increase by 1-2 points. It will revive your machine-made ionized water to its original pH. The ATS is the ONLY product in its category to pass the SNF safety tests in the U.S.A.

Chanson Shower Filter

Accessories

Ionizer Armor®

Prevents Scale buildup in Ionizer. Easily snaps on your cold water line under the sink. Lowers surface tension

SKU: WCIA
\$82.00

The number 1 enemy of any water ionizer is scale buildup inside the plate cell. More specifically, scale buildup on the membranes that are between the plates. Regardless of how well your ionizers self clean function works, scale or mineral build up will eventually overtake your plate cell- even if you have soft water!! Ionizer Armor® easily snaps on your cold water line under the sink, as the cold water passes thru the directional magnetic field of the Armor, the water goes through some very advantageous changes. Our in-house testing has shown a 40-60% reduction in scale buildup!

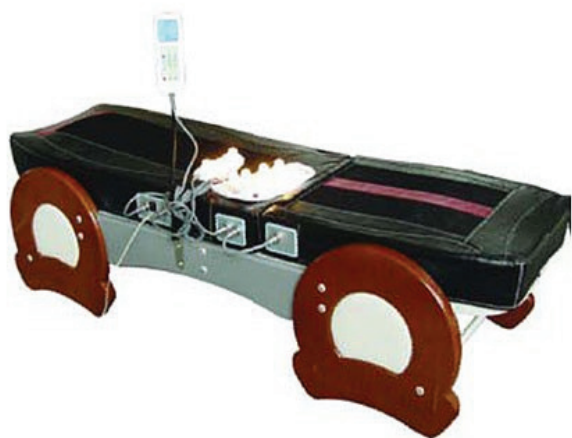

Jade THERAPY
